Label

2024548 15 Aug 2024

Issue: On certain vehicles, the tire and loading information label does not list that there is no spare tire in both official languages. The label reads as "NONE" when it should read as "NONE / AUCUN". Canadian regulations require the information to be listed on the label in both English and French. Safety Risk: This error does not affect vehicle safety. Corrective Actions: This is not a recall. The company has corrected the tire and loading information label for all new vehicles.

Powertrain

2022673 23 Nov 2022

Issue: On certain police vehicles, the transmission shifter could slip out of the Drive position while driving. If this happens, there could be a sudden loss of power to the wheels. Safety Risks: A sudden loss of power to the wheels could increase the risk of a crash. Corrective Actions: FCA Canada will notify owners by mail and instruct you to take your vehicle to a dealership to replace the shifter assembly.
