## §2 OBLIGATIONS [2]

cardog.app/tools/recalls/jeep/grand-wagoneer/2026

**3** recalls listed by Transport Canada for this model year

### Accessories

2026433 10 Sep 2026

Issue : On certain vehicles, the pivot bolt(s) securing the roof crossbars may not have been tightened properly. As a result, the crossbar(s) could detach from the vehicle. Note: This recall also affects certain 2023-2026 Wagoneer L models and Grand Wagoneer L models. Safety Risk: A crossbar that detaches from the vehicle could create a road hazard for others and increase the risk of a crash. Corrective Actions: FCA Canada will notify owners in writing and advise you to take your vehicle to a dealership to inspect and secure the roof crossbar(s), as necessary.

### Visual system

2026396 13 Aug 2026

Issue: On certain vehicles, a software problem could cause the rearview camera image not to display when the transmission is shifted into reverse. Canadian regulations require the rearview image to display when the vehicle is reversing. Note: This recall also affects Grand Cherokee L models and Grand Wagoneer L models. Safety Risk: A rearview camera image that doesn't display could reduce a driver's ability to see behind the vehicle while backing up. This could increase the risk of a crash. Corrective Actions: FCA Canada will notify owners in writing and send a wireless over-the-air software update to eligible vehicles to update the radio software. Alternatively, you may schedule an appointment to have the update performed at an FCA dealership.

### Brakes

2026316 30 Jun 2026

Issue: On certain vehicles, a software problem could cause the electronic stability control (ESC) system and power brake assist not to work. Safety Risk: A loss of power brake assist could cause a sudden increase in brake pedal force and lead to an increase in stopping distance. This could increase the risk of a crash. Additionally, an electronic stability control system that doesn't work could increase the risk of a crash. Corrective Actions: FCA Canada will notify owners in writing and advise you to take your vehicle to a dealership to update the brake system control module software.

> Listed for the model year, not checked against your VIN. Jeep confirms which apply.

### SOURCES

[1] Cardog identity register, decoded from the VIN
[2] Transport Canada recall database, listed for the model year
[3] NHTSA recall records (United States), listed for the model year
[4] Cardog market quote, same configuration, 26 live listings, as of 29 Oct 2026
[5] Live public dealer listings on Cardog, as of 29 Oct 2026
[6] Window sticker, issued by STELLANTIS, collected 14 Sep 2026

### STATEMENT OF SCOPE

This record is what public sources held about this vehicle when Cardog read it, each fact cited to its source. It read the VIN decode, Transport Canada's recall listing, NHTSA's recall records, Cardog's market quote, live public dealer listings and the window sticker. Recalls are listed for the model year, not checked against this VIN; the manufacturer confirms which apply. It is not a vehicle history or ownership report, and it carries no owner information.
