Body	Sport Utility Vehicle	Plant	Detroit, Michigan, United States

§2 OBLIGATIONS [2]

cardog.app/tools/recalls/dodge/durango/2015

4 recalls listed by Transport Canada for this model year

Engine

2018269 17 May 2018

On certain vehicles, an electronic fault may create a situation where the cruise control cannot be deactivated. If this occurs and the driver does not apply the brakes or shift the transmission to neutral, the vehicle could maintain speed or accelerate without warning, increasing the risk of a crash causing injury and/or damage to property. Correction: Dealers will inspect the Powertrain Control Module (PCM) software and perform an update as necessary. Note: In the interim, owners are advised not to use the cruise control until the vehicle is repaired.

Brakes

2016130 23 Mar 2016

On certain vehicles, the left front brake caliper may have been cast from an incorrect material during manufacturing. This could cause the brake caliper to possibly crack under an extreme braking application. This could affect vehicle control and increase stopping distances, which could increase the risk of a crash causing injury and/or property damage. Correction: Dealers will inspect the front left caliper date code and replace the caliper if it is from the suspect casting date.

Suspension

2015331 22 Jul 2015

On certain vehicles, the rear suspension lower control arm(s) could fracture due to incorrect heat treatment during manufacturing. A fractured suspension lower control arm could result in a loss of vehicle control and a crash causing injury and/or property damage. Correction: Dealers will inspect, and if necessary, replace the rear lower control arms. Note: This recall supersedes recall 2015-292. Vehicles repaired under the previous recall will require re-inspection and repair.

Suspension

2015292 29 Jun 2015

On certain vehicles, the rear suspension lower control arm(s) could fracture due to incorrect heat treatment during manufacturing. A fractured suspension lower control arm could result in a loss of vehicle control and a crash causing injury and/or property damage. Correction: Dealers will inspect, and if necessary, replace the rear lower control arms.

SOURCES

[1] Cardog identity register, decoded from the VIN

[2] Transport Canada recall database, listed for the model year

[3] NHTSA recall records (United States), listed for the model year

[4] Cardog market quote, same model year, 8 live listings, as of 29 Oct 2026

[5] Live public dealer listings on Cardog, as of 29 Oct 2026

STATEMENT OF SCOPE

This record is what public sources held about this vehicle when Cardog read it, each fact cited to its source. It read the VIN decode, Transport Canada's recall listing, NHTSA's recall records, Cardog's market quote and live public dealer listings. Recalls are listed for the model year, not checked against this VIN; the manufacturer confirms which apply. It is not a vehicle history or ownership report, and it carries no owner information.
