Body	Sedan	Plant	Marysville, Ohio, United States

§2 OBLIGATIONS [2]

cardog.app/tools/recalls/acura/tl/2005

4 recalls listed by Transport Canada for this model year

Steering 2008080 4 Mar 2008

On certain vehicles, prolonged high under-hood temperatures may cause a power steering hose to deteriorate prematurely, causing the hose to crack and leak. Power steering fluid leakage onto a hot catalytic converter will generate smoke and possibly lead to an under-hood fire, which could result in property damage, personal injury, or death. Correction: Dealers will replace the power steering hose with an updated version.

Other 2008079 4 Mar 2008

On certain vehicles, if water enters the windshield wiper motor breather port, which is designed to allow the motor to vent warm air during normal operation, it can result in corrosion inside the motor housing. This could cause the windshield wiper motor to become inoperative, which could result in a vehicle crash causing personal injury or death. Correction: Dealers will affect repairs.

Fuel system 2007088 19 Mar 2007

On certain vehicles, a manufacturing fault with the fuel pump relay could cause the coil wire in the relay to break. If this happens, the fuel pump will not operate and the engine may not start. If the relay fails while driving, the engine may stall without warning and a crash could occur. Correction: Dealers will inspect and, if required, replace the fuel pump relay.

Electrical 2005086 30 Mar 2005

This vehicle may contain a loose terminal in the main fuse box that could cause the fuel pump to lose power. If the fuel pump becomes inoperative, the engine may not start. In the worst case, if the fuel pump loses power while driving, the engine could stall without warning, and a crash could occur. Correction: Dealer will replace the fuse box.

Listed for the model year, not checked against your VIN. Acura confirms which apply.

|---|--|
| [1] Cardog identity register, decoded from the VIN | [4] Cardog market quote, same model year, 1 live listings, as of 28 Oct 2026 |
| [2] Transport Canada recall database, listed for the model year | |
| [3] NHTSA recall records (United States), listed for the model year | [5] Live public dealer listings on Cardog, as of 28 Oct 2026 |

STATEMENT OF SCOPE

This record is what public sources held about this vehicle when Cardog read it, each fact cited to its source. It read the VIN decode, Transport Canada's recall listing, NHTSA's recall records, Cardog's market quote and live public dealer listings. Recalls are listed for the model year, not checked against this VIN; the manufacturer confirms which apply. It is not a vehicle history or ownership report, and it carries no owner information.
