§2 OBLIGATIONS [2]

cardog.app/tools/recalls/gmc/canyon/2024

4 recalls listed by Transport Canada for this model year

Airbag — 2026414 — 27 Aug 2026

Issue: On certain vehicles, the airbag status indicator for the passenger airbag may not meet certain requirements of Canadian regulations. Safety Risk: This small error does not affect safety. Corrective Actions: This is not a recall. General Motors has made changes to ensure that all new vehicles meet Canadian regulations.

Airbag — 2025680 — 11 Dec 2025

Issue: Under certain conditions, a software problem could cause the passenger-front airbag to deploy with too much force. Note: This recall only affects certain vehicles equipped with the AT4X AEV (American Expedition Vehicle) option. Safety Risk: An airbag that inflates with too much force could create an increased risk of injury in a crash. Corrective Actions: General Motors will notify owners by mail and advise you to take your vehicle to a dealership to update the airbag sensing and diagnostic module (SDM) software.

Lights and instruments — 2024518 — 12 Sep 2024

Issue: Under certain conditions, a software problem could cause the headlamps to flicker. Safety Risk: Headlamps that flicker could cause reduced visibility and could create a distraction for oncoming drivers. Both issues could increase the risk of a crash. Corrective Actions: General Motors will notify owners by mail and advise you to take your vehicle to a dealership to replace a module in the headlamp that includes the correct software.

Fuel system — 2024375 — 28 Jun 2024

Issue: On certain vehicles, the lock ring that secures the fuel pump to the fuel tank may not have been locked properly. As a result, the lock ring could loosen and create a fuel leak. Safety Risk: A fuel leak can create the risk of a fire. Corrective Actions: General Motors will notify owners by mail and advise you to take your vehicle to a dealership to inspect and, if necessary, lock the fuel tank lock ring.

> Listed for the model year, not checked against your VIN. GMC confirms which apply.

SOURCES

[1] Cardog identity register, decoded from the VIN
[2] Transport Canada recall database, listed for the model year
[3] NHTSA recall records (United States), listed for the model year
[4] Cardog market quote, same configuration, 35 live listings, as of 28 Oct 2026
[5] Live public dealer listings on Cardog, as of 28 Oct 2026

STATEMENT OF SCOPE

This record is what public sources held about this vehicle when Cardog read it, each fact cited to its source. It read the VIN decode, Transport Canada's recall listing, NHTSA's recall records, Cardog's market quote and live public dealer listings. Recalls are listed for the model year, not checked against this VIN; the manufacturer confirms which apply. It is not a vehicle history or ownership report, and it carries no owner information.
