Corrective Actions: Honda will notify owners by mail and advise you to take your vehicle to a dealership to add grease to the steering gearbox and replace the electronic power steering spring.

Steering

2023562 19 Oct 2023

Issue: On certain vehicles, the incorrect steering gear box assembly may have been installed during a repair. As a result, the tires could become damaged by contact with the chassis and fail. Safety Risk: A tire failure could cause a loss of control and increase the risk of a crash. Corrective Actions: Honda will notify owners by mail and advise you to take your vehicle to a dealership to inspect and, if necessary, replace the steering gear box assembly. The dealer will also inspect the tires for damage and replace them, as necessary.
