### 1 recall listed by Transport Canada for this model year

#### Airbag

2016448 14 Sep 2016

On certain vehicles in certain types of crashes, airbag and seatbelt pretensioner deployment capability may be lost due to a short in the front impact sensor wiring affecting Occupant Restraint Controller function. Failure of airbags and seatbelt pretensioners to deploy in a crash (when warranted) could increase the risk of injury. Correction: Dealers will replace the Occupant Restraint Controller module.

Listed for the model year, not checked against your VIN. Chrysler confirms which apply.
