Seats and restraints

2017567 17 Nov 2017

On certain vehicles, the rear outboard strikers of the second row outboard (outer) seats have a collar to define two set positions. If an outboard seat is positioned over the collar while attaching the seat to the vehicle floor, the seat will not latch properly to the striker. An unlatched second row outboard seat could tip forward during moderate to heavy braking, which could increase the risk of injury to the seat occupant. Correction: Dealers will install a second row seat striker bracket and a warning label on both second row outer seats. Additionally, dealers will also place supplemental owner information cards in the glove box.

Listed for the model year, not checked against your VIN. Honda confirms which apply.
