cardog.app/tools/recalls/nissan/frontier/2022

5 recalls listed by Transport Canada for this model year

Visual system

2022599 21 Oct 2022

Issue: Under certain conditions, a software problem could cause the in-vehicle infotainment system to continuously reboot. If this happens, the rearview camera image will not appear on the display. Canadian regulations require the rearview image to display when the transmission is shifted into reverse gear. Safety Risk: A rearview camera image that does not display could reduce a driver's ability to see behind the vehicle while backing up. This could increase the risk of a crash. Corrective Actions: Nissan will notify owners by mail and ask you to make an appointment with your local dealer to update the in-vehicle infotainment system software. For vehicles with over-the-air (OTA) update capability, Nissan will send a wireless over-the-air software update to each vehicle.

Powertrain

2022502 8 Sep 2022

Issue: On certain trucks, the transmission parking pawl may not engage when you shift to park. If this happens, the truck could roll away, if the parking brake isn't used. Safety Risk: A parked vehicle that moves unexpectedly could create the risk of an injury or a crash. Corrective Actions: Nissan will notify owners by mail. The corrective actions for this recall are under development. To reduce the safety risk, Nissan recommends that you should always use the parking brake when you park.

Visual system

2022398 22 Jul 2022

Issue: Under certain conditions, a software problem could cause the in-vehicle infotainment system to reset. If you shift to reverse while the computer is resetting, the rearview camera image will not appear on the display. Canadian regulations require the rearview image to display when the transmission is shifted into reverse gear. Note: This recall only affects certain vehicles sold to rental fleets. Safety Risk: A rearview camera image that does not display could reduce a driver's ability to see behind the vehicle while backing up. This could increase the risk of a crash. Corrective Actions: Nissan will notify owners by mail and ask you to make an appointment with your local dealer to update the in-vehicle infotainment system software. For vehicles with over-the-air (OTA) update capability, Nissan will send a wireless over-the-air software update to each vehicle.

Powertrain

2022341 27 Jun 2022

Issue: On certain trucks, the transmission parking pawl may not engage when you shift to park. If this happens, the truck could roll away, if the parking brake isn't used. Safety Risk: A parked vehicle that moves suddenly could create the risk of an injury or a crash. Corrective Actions: Nissan will notify owners by mail. The corrective actions for this recall are under development. To reduce the safety risk, Nissan recommends that you should always use the parking brake when you park.

Seats and restraints

2021753 10 Dec 2021

Issue: On certain trucks, the bolts that attach the seat belt bracket to the left-rear seat could be loose. As a result, the seat belt bracket could break in a crash. If this happens, the seat belt may not hold a person in place during the crash. Safety Risk: A seat belt that does not work properly could increase the risk of injury in a crash. Corrective Actions: Nissan will notify owners by mail and instruct you to take your truck to a dealer to inspect the seat belt bracket bolts on the left-rear seat, and replace them, if necessary.

> Listed for the model year, not checked against your VIN. Nissan confirms which apply.

SOURCES

[1] Cardog identity register, decoded from the VIN

[2] Transport Canada recall database, listed for the model year

[3] NHTSA recall records (United States), listed for the model year

[4] Cardog market quote, same model year, 39 live listings, as of 27 Oct 2026

[5] Live public dealer listings on Cardog, as of 27 Oct 2026

STATEMENT OF SCOPE

This record is what public sources held about this vehicle when Cardog read it, each fact cited to its source. It read the VIN decode, Transport Canada's recall listing, NHTSA's recall records, Cardog's market quote and live public dealer listings. Recalls are listed for the model year, not checked against this VIN; the manufacturer confirms which apply. It is not a vehicle history or ownership report, and it carries no owner information.
