Trim	GT2	Maker	KIA CORPORATION
Body	Hatchback	Plant	Sohari, South Korea

§2 OBLIGATIONS [2]

cardog.app/tools/recalls/kia/stinger/2020

3 recalls listed by Transport Canada for this model year

Engine

2024146 4 Mar 2024

Issue: On certain vehicles, the left turbocharger oil feed pipe and hose assembly could become damaged by heat from the exhaust. If this happens, oil could leak onto hot components. Note: This recall only affects vehicles equipped with a 3.3 L turbo (T-GDI) engine. Safety Risk: Oil that leaks onto hot components can create the risk of a fire. Corrective Actions: Kia will notify owners by mail and advise you to take your vehicle to a dealership to replace the left turbocharger oil feed pipe and hose assembly.

Label

2020582 30 Nov 2020

Issue: On certain vehicles, the tire inflation pressure label lists the wrong cold tire pressure for the front tires (36 psi/250 kPa instead of 38 psi/260 kPa). Canadian regulations require that the recommended cold tire inflation pressure for the front, rear, and spare tires is listed on the label. Safety Risk: This small error does not affect vehicle safety. Corrective Actions: This is not a recall. Kia has made changes to ensure that all new vehicles have corrected tire inflation pressure on the label.

Brakes

2020404 31 Aug 2020

Issue: On certain cars equipped with a 3.3 L T-GDI engine, an engine compartment fire could occur while driving. Kia believes that a fire could start in or near the brake Hydraulic Electronic Control Unit (HECU). Note: This recall does not affect vehicles equipped with Smart Cruise Control (SCC). Safety Risk: The car could catch fire while driving. Corrective Actions: Kia will notify owners by mail and instruct you to take your vehicle to a dealer to install a new fuse kit. The kit contains two new fuses of 25A instead of 40A, which are designed to prevent an over-current condition.

Listed for the model year, not checked against your VIN. Kia confirms which apply.
Check your VIN with Kia Canada or call a Kia dealer with your VIN.

SOURCES

[1] Cardog identity register, decoded from the VIN
[2] Transport Canada recall database, listed for the model year
[3] NHTSA recall records (United States), listed for the model year
[4] Cardog market quote, same model year, 4 live listings, as of 23 Nov 2026
[5] Live public dealer listings on Cardog, as of 24 Nov 2026

STATEMENT OF SCOPE

This record is what public sources held about this vehicle when Cardog read it, each fact cited to its source. It read the VIN decode, Transport Canada's recall listing, NHTSA's recall records, Cardog's market quote and live public dealer listings. Recalls are listed for the model year, not checked against this VIN; the manufacturer confirms which apply. It is not a vehicle history or ownership report, and it carries no owner information.
