**1** recall listed by Transport Canada for this model year

### Visual system

2026242 20 May 2026

Issue: On a small number of vehicles, a problem with the camera control unit could cause the rearview camera image not to display after shifting into reverse or after activating the parking assistance function. Canadian regulations require the rearview image to display when the transmission is shifted into reverse. Safety Risk: A rearview camera image that doesn't display could reduce a driver's ability to see behind the vehicle while backing up. This could increase the risk of a crash. Corrective Actions: Volkswagen will notify owners by mail and advise you to take your vehicle to a dealership to update the camera control unit software.

Listed for the model year, not checked against your VIN. Volkswagen confirms which apply.
Check your VIN with Volkswagen Canada or call a Volkswagen dealer with your VIN.

## STATEMENT OF SCOPE

This record is what public sources held about this vehicle when Cardog read it, each fact cited to its source. It read the VIN decode, Transport Canada's recall listing, NHTSA's recall records, Cardog's market quote and live public dealer listings. Recalls are listed for the model year, not checked against this VIN; the manufacturer confirms which apply. It is not a vehicle history or ownership report, and it carries no owner information.
