5 recalls listed by Transport Canada for this model year

Engine — 2026055 — 11 Feb 2026

Issue: On certain vehicles, the engine may not have been manufactured properly. As a result, the engine could make abnormal noises and a warning light may turn on. If you continue to drive the vehicle with these symptoms, the engine could fail. Note: This recall only affects certain vehicles equipped with 1.5 L variable compression engines. Safety Risk: An engine failure could cause a sudden loss of power to the wheels and/or increase the risk of a vehicle fire. Both issues could increase the risk of a crash or injury. Corrective actions: Nissan will notify owners by mail and advise you to take your vehicle to a dealership to update the engine control module. The dealer will also inspect and, if necessary, replace the engine.

Engine — 2025356 — 27 Jun 2025

Issue: On certain vehicles, the engine may not have been manufactured properly. As a result, the engine could make abnormal noises and a warning light may turn on. If you continue to drive the vehicle with these symptoms, the engine could fail. Note: This recall only affects certain vehicles equipped with 1.5 L or 2.0 L variable compression engines. Safety Risk: An engine failure could cause a sudden loss of power to the wheels and/or increase the risk of a vehicle fire. Both issues could increase the risk of a crash or injury. Corrective actions: The company will notify owners by mail and advise you to take your vehicle to a dealership to inspect and, if necessary, replace the engine. On certain vehicles, the dealer will also update the engine control module.

Seats and restraints — 2024135 — 28 Feb 2024

Issue: On certain vehicles, the driver and front passenger seat belt pretensioners may not have been manufactured correctly. As a result, the seat belt pretensioners may not work properly in a crash. Safety Risk: A seat belt pretensioner that doesn't work properly could increase the risk of injury in a crash. Corrective Actions: Nissan will notify owners by mail and advise you to take your vehicle to a dealership to replace the driver and front passenger seat belts.

Airbag

2024129 27 Feb 2024

Issue: On certain vehicles, the driver-front airbag may not have been manufactured properly. Over time, moisture could enter the inflator and cause it not to inflate properly in a crash. Safety Risk: An airbag that doesn't inflate properly could increase the risk of injury in a crash. Corrective Actions: Nissan will notify owners by mail and advise you to take your vehicle to a dealership to replace the driver-front airbag.

Seats and restraints

2023307 26 May 2023

Issue: On a small number of vehicles, the rear seat belt anchor bolts may not have been properly tightened. As a result, the rear seat belts may not work properly in a crash. Safety Risk: A seat belt that doesn't work properly could increase the risk of injury in a crash. Corrective Actions: Nissan will notify owners by mail and advise you to take your vehicle to a dealership to inspect the left and right rear seat belt anchor bolts. The bolts will be tightened, if necessary. To reduce the safety risk, Nissan recommends not to transport any passengers in the left and right-hand rear seats until the recall repairs have been completed.

> Listed for the model year, not checked against your VIN. Nissan confirms which apply.

SOURCES

[1] Cardog identity register, decoded from the VIN

[2] Transport Canada recall database, listed for the model year

[3] NHTSA recall records (United States), listed for the model year

[4] Cardog market quote, same configuration, 128 live listings, as of 28 Nov 2026

[5] Live public dealer listings on Cardog, as of 29 Nov 2026

STATEMENT OF SCOPE

This record is what public sources held about this vehicle when Cardog read it, each fact cited to its source. It read the VIN decode, Transport Canada's recall listing, NHTSA's recall records, Cardog's market quote and live public dealer listings. Recalls are listed for the model year, not checked against this VIN; the manufacturer confirms which apply. It is not a vehicle history or ownership report, and it carries no owner information.
