Body	Hatchback	Plant	Bangkok, Thailand

§2 OBLIGATIONS [2]

cardog.app/tools/recalls/mitsubishi/mirage/2017

3 recalls listed by Transport Canada for this model year

Airbag

2019209 29 Apr 2019

Issue: On certain Mirage G4 sedans, the airbag control module may interpret vibrations caused by severe road conditions and/or driving on a flat tire as being a system fault. This could cause the airbag system to turn off. If this happens, the airbag warning light (SRS warning) would turn on and none of the vehicles' airbags would deploy in a crash. Safety Risk: Airbags that do not work in a crash could create an increased risk of injury. Corrective Actions: The company will notify owners by mail and instruct them to take their vehicle to a dealership to update the airbag control unit software.

Airbag

2017532 30 Oct 2017

On certain vehicles, the internal self-diagnostic of the airbag control module may interpret vibrations caused by severe road conditions and/or driving on a flat tire as being a system fault. This would disable the airbag system. As a result, the airbags would not deploy in a crash that warrants their deployment, which would increase the risk of injury. Correction: Dealers will update vehicle software.

Lights and instruments

2016456 19 Sep 2016

Certain vehicles equipped with High Intensity Discharge (HID) headlamps may not comply with the requirements of Canada Motor Vehicle Safety Standard (CMVSS) 108 - Lighting System and Retroreflective Devices. Vehicles may have been assembled with headlamps that allow for horizontal adjustment, which is contrary to the requirements of the standard. This could reduce vehicle visibility, or could adversely affect the vision of oncoming drivers during low light and night time conditions, which could increase the risk of a crash causing injury and/or damage to property. Correction: Dealers will inspect the headlamps and, if necessary, secure the horizontal adjustment locking clips to comply with the standard.

SOURCES

[1] Cardog identity register, decoded from the VIN
[2] Transport Canada recall database, listed for the model year
[3] NHTSA recall records (United States), listed for the model year
[4] Cardog market quote, same model year, 8 live listings, as of 29 Oct 2026
[5] Live public dealer listings on Cardog, as of 29 Oct 2026

STATEMENT OF SCOPE

This record is what public sources held about this vehicle when Cardog read it, each fact cited to its source. It read the VIN decode, Transport Canada's recall listing, NHTSA's recall records, Cardog's market quote and live public dealer listings. Recalls are listed for the model year, not checked against this VIN; the manufacturer confirms which apply. It is not a vehicle history or ownership report, and it carries no owner information.
