4 recalls listed by Transport Canada for this model year

Accessories

2018618 9 Nov 2018

On certain vehicles, the Telematics and Driver Support Systems may not function as designed due to a software error. In the event of a crash, this could mean that the Emergency Assist system would not alert Volvo and provide the GPS coordinates of the vehicle. This could create a risk of no response from emergency services. Correction: Dealers will update vehicle software.

Airbag

2017089 17 Feb 2017

Certain vehicles may fail to comply with the requirements of Canada Motor Vehicle Safety Standards (CMVSS) 226 - Ejection Mitigation. Due to a manufacturing error in the surface treatment process, the bolts that were used to assemble the inflatable curtain (IC) airbag may not meet specifications. This could result in one or more of the bolts breaking, which in the event of a crash warranting deployment of the IC airbag, could increase the risk of injury to vehicle occupants. Correction: Dealers will replace the affected bolts.

Seats and restraints

2016534 28 Oct 2016

On certain vehicles, the front passenger seatbelt buckle stud may not have been punched correctly during manufacturing. This may cause a separation between the buckle and the seat belt bracket, which could result in the belt not adequately restraining the seat occupant in a crash, increasing the risk of injury and/or damage to property. Correction: Dealers will inspect the front passenger seat belt buckle stud, and replace the seatbelt buckle as necessary.

Airbag

2016469 23 Sep 2016

On certain vehicles, the air conditioner drain hose may leak into the passenger compartment due to incorrect installation during the manufacturing process. Over time, an accumulation of moisture in the passenger cabin could affect the SRS system (airbags), engine management systems and/or other systems. This could increase the risk of injury in the event of a crash and/or increase the risk of a crash causing injury and/or damage to property. Correction : Dealers will inspect the air conditioning drain hose to ensure correct installation and if necessary replace the drain hose.
