1 recall listed by Transport Canada for this model year

Visual system20261662 Apr 2026

Issue: On certain vehicles, moisture could enter the rearview camera and could cause the rearview camera image not to display correctly or at all. Safety Risk: A rearview camera image that doesn't display correctly could reduce a driver's ability to see behind the vehicle while backing up. This could increase the risk of a crash. Corrective Actions: General Motors will notify owners by mail and advise you to take your vehicle to a dealership to inspect and, if necessary, replace the rearview camera.

Listed for the model year, not checked against your VIN. Chevrolet confirms which apply.
