## §2 OBLIGATIONS [2]

[cardog.app/tools/recalls/buick/verano/2016](https://cardog.app/tools/recalls/buick/verano/2016)

## 2 recalls listed by Transport Canada for this model year

### Fuel system

2016396 10 Aug 2016

On certain vehicles equipped with a 2.0 litre turbocharged engine, the fuel line assembly may not have been routed properly due to a manufacturing error. This could cause the fuel lines to contact hot surfaces which could, over time, degrade the fuel lines and cause a leak. A fuel leak in the presence of an ignition source could result in a fire causing injury and/or damage to property. Correction : Dealers will replace the fuel line assembly.

### Powertrain

2016341 30 Jun 2016

Certain vehicles may fail to conform to Canada Motor Vehicle Safety Standard (CMVSS) 114 - Theft Protection and Rollaway Prevention. The Electronic Park Lock (EPL) lever in the steering column electrical assembly may have been damaged during manufacturing. As a result, the ignition key could be removed when the vehicle's transmission is in a position other than park. This could cause unintended vehicle movement, increasing the risk of injury and/or property damage. Correction: Dealers will inspect the vehicle and, if necessary, replace the key cylinder lock housing.

Listed for the model year, not checked against your VIN. Buick confirms which apply.

Check your VIN with Buick Canada or call a Buick dealer with your VIN.

**STATEMENT OF SCOPE**

This record is what public sources held about this vehicle when Cardog read it, each fact cited to its source. It read the VIN decode, Transport Canada's recall listing, NHTSA's recall records, Cardog's market quote and live public dealer listings. Recalls are listed for the model year, not checked against this VIN; the manufacturer confirms which apply. It is not a vehicle history or ownership report, and it carries no owner information.
