## 3 recalls listed by Transport Canada for this model year

|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |         |             |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------|-------------|
| <b>Airbag</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               | 2023277 | 10 May 2023 |
| Issue: On certain vehicles, the driver-front airbag inflator could rupture when the airbag deploys in a crash. If this happens, the airbag may not properly inflate and fragments could be propelled toward vehicle occupants. Safety Risk: An airbag inflator that ruptures can create a risk of injury or death. Corrective Actions: General Motors will notify owners by mail and advise you to take your vehicle to a dealership to replace the driver-front airbag module.                                                                             |         |             |
| <b>Airbag</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               | 2022189 | 14 Apr 2022 |

| <b>Tires</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                | 2015033 | 27 Jan 2015 |
| Certain vehicles may be equipped with tires that may not comply with Canadian Motor Vehicle Tire Safety Regulations. During the inspection phase of routine tire compliance testing, cracks were observed in the tire's tread. This is contrary to the requirements of the standard. This could result in tire noise, ride vibration and/or tread chunking. Tires operated in this condition could be at greater risk of failure, increasing the risk of a crash causing injury and/or damage to property. Correction: Dealers will replace affected tires. |         |             |

Listed for the model year, not checked against your VIN. Chevrolet confirms which apply.

**STATEMENT OF SCOPE**

This record is what public sources held about this vehicle when Cardog read it, each fact cited to its source. It read the VIN decode, Transport Canada's recall listing, NHTSA's recall records, Cardog's market quote and live public dealer listings. Recalls are listed for the model year, not checked against this VIN; the manufacturer confirms which apply. It is not a vehicle history or ownership report, and it carries no owner information.
