§2 OBLIGATIONS [2]

cardog.app/tools/recalls/jeep/liberty/2006

5 recalls listed by Transport Canada for this model year

Electrical	2015163	16 Apr 2015
On certain vehicles equipped with manual transmissions, a defect in the clutch interlock switch could allow the starter to engage without depressing the clutch pedal. If recommended starting procedures are not followed, this could cause unintended vehicle movement, which could result in injury and/or damage to property. Correction: Dealers will replace the clutch interlock switch.		
Structure	2013220	26 Jun 2013
Chrysler Canada has determined that an opportunity to incrementally improve performance in certain types of low-speed impacts may exist in certain vehicles. The company will carry out a voluntary customer satisfaction campaign to offer a structural improvement to mitigate the risks of fuel leakage in certain low-speed collisions. Chrysler will inspect the affected vehicles and install a Chrysler trailer hitch if appropriate. This action is not being conducted under the requirements of the Motor Vehicle Safety Act.		
Suspension	2012089	6 Mar 2012
On certain vehicles, excessive corrosion could cause a rear suspension lower control arm to fracture and fail. This could result in a loss of vehicle control and a crash causing property damage and/or personal injury. Correction: Dealers will replace the rear lower control arms.		
Heater and defroster	2007060	7 Mar 2007
On certain vehicles, the heating, ventilation and air conditioning (HVAC) blower motor may overheat and cause an interior fire. Correction: Dealers will replace the blower motor with an updated version.		

Steering

2006190 2 Aug 2006

On certain vehicles, the front lower ball joints may become contaminated. With continued operation, the contamination can lead to corrosion, accelerated wear, and possibly separation from the steering knuckle, causing a loss of vehicle steering control and a crash. Correction: Dealers will replace the front lower ball joints.

Listed for the model year, not checked against your VIN. Jeep confirms which apply.

§5 DOCUMENTS

Window sticker This VIN reads as model year 2006, before our coverage for this manufacturer.

SOURCES

- | | |
|---|--|
| [1] Cardog identity register, decoded from the VIN | [4] Cardog market quote, same model year, 3 live listings, as of 29 Oct 2026 |
| [2] Transport Canada recall database, listed for the model year | |
| [3] NHTSA recall records (United States), listed for the model year | [5] Live public dealer listings on Cardog, as of 29 Oct 2026 |

STATEMENT OF SCOPE

This record is what public sources held about this vehicle when Cardog read it, each fact cited to its source. It read the VIN decode, Transport Canada's recall listing, NHTSA's recall records, Cardog's market quote and live public dealer listings. Recalls are listed for the model year, not checked against this VIN; the manufacturer confirms which apply. It is not a vehicle history or ownership report, and it carries no owner information.
