## 2 recalls listed by Transport Canada for this model year

### Visual system

2022485 29 Aug 2022

Issue: Over time, the coating on the lens for the rearview camera could degrade. If this happens, the rearview camera image may appear foggy or cloudy. Note: This recall only affected vehicles equipped with 360-degree camera systems. Safety Risk: A rearview camera image that does not display correctly could reduce a driver's ability to see behind the vehicle while backing up. This could increase the risk of a crash. Corrective Actions: Ford will notify owners by mail and instruct you to take your vehicle to a dealership to replace the rearview camera.

### Structure

2019063 12 Feb 2019

Issue: On certain vehicles, the door latches may not fully latch when a door is closed. If a door is not properly latched, it could open while the vehicle is moving. Safety Risk: A door that opens while the vehicle is moving could create an increased risk of injury. Corrective Actions: The company will notify owners by mail. Owners will be instructed to take their vehicle to a dealer to have the latch assemblies replaced on all four doors.

Listed for the model year, not checked against your VIN. Lincoln confirms which apply.

Check your VIN with Lincoln Canada or call a Lincoln dealer with your VIN.

## STATEMENT OF SCOPE

This record is what public sources held about this vehicle when Cardog read it, each fact cited to its source. It read the VIN decode, Transport Canada's recall listing, NHTSA's recall records, Cardog's market quote and live public dealer listings. Recalls are listed for the model year, not checked against this VIN; the manufacturer confirms which apply. It is not a vehicle history or ownership report, and it carries no owner information.
