Body	Sedan	Plant	Brampton, Ontario, Canada

§2 OBLIGATIONS [2]

cardog.app/tools/recalls/dodge/charger/2020

4 recalls listed by Transport Canada for this model year

Label	2024548	15 Aug 2024
Issue: On certain vehicles, the tire and loading information label does not list that there is no spare tire in both official languages. The label reads as "NONE" when it should read as "NONE / AUCUN". Canadian regulations require the information to be listed on the label in both English and French. Safety Risk: This error does not affect vehicle safety. Corrective Actions: This is not a recall. The company has corrected the tire and loading information label for all new vehicles.		
Airbag	2024168	14 Mar 2024
Issue: On certain vehicles, the side curtain airbag inflators could be defective. As a result, the driver and/or passenger side curtain airbag inflator(s) could rupture unexpectedly and metal fragments could be propelled toward vehicle occupants. Safety Risk: An airbag inflator that ruptures can create a risk of injury. Corrective Actions: FCA will notify owners by mail and advise you to take your vehicle to a dealership to replace both side curtain airbag modules.		
Structure	2021422	8 Jul 2021
Issue: On certain vehicles, the windshield may not be properly attached. As a result, the glass can become loose and could separate from the vehicle in a crash. Safety Risk: A windshield that detaches in a crash could create an increased risk of injury. Corrective Action: FCA Canada will notify owners by mail and instruct you to take your vehicle to a dealer to remove and reinstall the windshield.		

Visual system

2020397 27 Aug 2020

Issue: On certain vehicles, if the "stealth mode" feature is activated to turn off the rearview camera image, the display will not turn on when the driver shifts to reverse. Canadian regulations require the rearview image to display each time that the transmission is shifted into reverse gear.

Note: Deactivating stealth mode will return the display to normal operation. Safety Risk: A rearview camera image that does not display could reduce a driver's ability to see behind the vehicle while backing up. This could increase the risk of a crash. Corrective Actions: Fiat Chrysler Automobiles will notify owners by mail and instruct you to take your vehicle to a dealer to update the body control module software. This update will disable stealth mode when the transmission is shifted into reverse.

Listed for the model year, not checked against your VIN. Dodge confirms which apply.
Check your VIN with Mopar Canada or call a Dodge dealer with your VIN.

- | | |
|---|--|
| [1] Cardog identity register, decoded from the VIN | [4] Cardog market quote, same model year, 4 live listings, as of 27 Oct 2026 |
| [2] Transport Canada recall database, listed for the model year | |
| [3] NHTSA recall records (United States), listed for the model year | [5] Live public dealer listings on Cardog, as of 27 Oct 2026 |

STATEMENT OF SCOPE

This record is what public sources held about this vehicle when Cardog read it, each fact cited to its source. It read the VIN decode, Transport Canada's recall listing, NHTSA's recall records, Cardog's market quote and live public dealer listings. Recalls are listed for the model year, not checked against this VIN; the manufacturer confirms which apply. It is not a vehicle history or ownership report, and it carries no owner information.
