| Issue: On certain vehicles, the exterior B-pillar trims on the front and rear driver-side and passenger-side doors may not be properly attached. As a result, the trim(s) could loosen and separate from the vehicle. Note: This recall replaces Transport Canada recall no. 2025-588. Safety Risk: Trim that detaches from the vehicle could create a hazard for others and increase the risk of a crash. Corrective Actions: Ford will notify owners by mail and advise you to take your vehicle to a dealership to secure the exterior B-pillar trims. |         |             |

| Issue: On certain vehicles, the rearview camera image may not display correctly or at all. Safety Risk: A rearview camera image that doesn't display correctly could reduce a driver's ability to see behind the vehicle while backing up. This could increase the risk of a crash. Corrective Actions: Ford will notify owners by mail and advise you to take your vehicle to a dealership to replace the rearview camera.                                                                                                                               |         |             |

**STATEMENT OF SCOPE**

This record is what public sources held about this vehicle when Cardog read it, each fact cited to its source. It read the VIN decode, Transport Canada's recall listing, NHTSA's recall records, Cardog's market quote and live public dealer listings. Recalls are listed for the model year, not checked against this VIN; the manufacturer confirms which apply. It is not a vehicle history or ownership report, and it carries no owner information.
