cardog.app/tools/recalls/lincoln/nautilus/2023

2 recalls listed by Transport Canada for this model year

Visual system

2025260 9 May 2025

Issue: On certain vehicles, a software problem could cause the rearview camera image not to display or to freeze when the transmission is shifted into reverse. Safety Risk: A rearview camera image that doesn't display correctly could reduce a driver's ability to see behind the vehicle while backing up. This could increase the risk of a crash. Corrective Actions: Ford will notify owners by mail and send a wireless over-the-air software update to eligible vehicles to update the SYNC software. Alternatively, you may schedule an appointment to have the update performed at a Ford dealership.

Suspension

2023354 23 Jun 2023

Issue: Under certain conditions, the rear shock absorbers could overextend and cause damage to the rear brake hoses. A damaged brake hose could leak and cause reduced braking. A shock absorber that overextends could also cause damage to the rear axle half shafts, wheel speed sensors, and/or stabilizer bar end links. Note: This recall only affects vehicles equipped with continuous controlled damping (CCD) shock absorbers. Safety Risk: Reduced braking can cause an extended stopping distance and increase the risk of a crash. Corrective Actions: Ford will notify owners by mail and advise you to take your vehicle to a dealership to inspect the rear shock absorbers. The dealer will replace the rear shock absorbers, rear brake hoses, rear wheel speed sensors, and rear half shafts, as necessary.

Listed for the model year, not checked against your VIN. Lincoln confirms which apply.

SOURCES

[1] Cardog identity register, decoded from the VIN
[2] Transport Canada recall database, listed for the model year
[3] NHTSA recall records (United States), listed for the model year
[4] Cardog market quote, same configuration, 39 live listings, as of 27 Nov 2026
[5] Live public dealer listings on Cardog, as of 27 Nov 2026

STATEMENT OF SCOPE

This record is what public sources held about this vehicle when Cardog read it, each fact cited to its source. It read the VIN decode, Transport Canada's recall listing, NHTSA's recall records, Cardog's market quote and live public dealer listings. Recalls are listed for the model year, not checked against this VIN; the manufacturer confirms which apply. It is not a vehicle history or ownership report, and it carries no owner information.
