Issue: On certain vehicles, a problem with the rearview camera could cause the rearview camera image not to display correctly or at all. Safety Risk: A rearview camera image that doesn't display correctly could reduce a driver's ability to see behind the vehicle while backing up. This could increase the risk of a crash. Corrective Actions: FCA Canada will notify owners in writing and advise you to take your vehicle to a dealership to replace the rearview camera.

Listed for the model year, not checked against your VIN. Dodge confirms which apply.
