2 recalls listed by Transport Canada for this model year

Brakes

2023132 14 Mar 2023

Issue: On certain vehicles, the front brake hoses could fail and cause a progressive brake fluid leak. If this happens, the driver may experience a change in brake pedal feel and travel. This can cause reduced braking. Note: A brake fluid leak would cause the brake warning light to turn on. This recall doesn't affect models with a Hybrid engine. Vehicles repaired under Ford warranty extension program 22N02 already have updated brake hoses, and don't require this repair. Safety Risk: Reduced braking can cause an extended stopping distance and increase the risk of a crash. Corrective Actions: Ford will notify owners by mail and instruct you to take your vehicle to a dealership to replace the front brake hoses.

Powertrain

2017332 6 Jul 2017

On certain vehicles equipped with the 2.0l engine coupled to a 6 speed automatic transmission, the torque converter could separate from the engine flex plate due to inadequate welds on the attachment studs. If this occurs, this would result in a sudden loss of motive power, increasing the risk of a crash causing injury and/or damage to property. Correction: Dealers will replace the torque converter.

Listed for the model year, not checked against your VIN. Lincoln confirms which apply.

Check your VIN with Lincoln Canada or call a Lincoln dealer with your VIN.

SOURCES

[1] Cardog identity register, decoded from the VIN	[4] Cardog market quote, same model year, 7 live listings, as of 28 Oct 2026
[2] Transport Canada recall database, listed for the model year	[5] Live public dealer listings on Cardog, as of 28 Oct 2026
[3] NHTSA recall records (United States), listed for the model year	

STATEMENT OF SCOPE

This record is what public sources held about this vehicle when Cardog read it, each fact cited to its source. It read the VIN decode, Transport Canada's recall listing, NHTSA's recall records, Cardog's market quote and live public dealer listings. Recalls are listed for the model year, not checked against this VIN; the manufacturer confirms which apply. It is not a vehicle history or ownership report, and it carries no owner information.
