Body	Sport Utility Vehicle	Plant	Mishawaka, Indiana, United States

§2 OBLIGATIONS [2]

cardog.app/tools/recalls/hummer/h2/2003

4 recalls listed by Transport Canada for this model year

Other 2008331 9 Sep 2008

On certain vehicles, water can enter the windshield wiper motor module. If a sufficient amount of water enters the module, the front windshield wipers may work intermittently or become inoperative, which on a rainy/snowy day may increase the risk of a crash. Correction: Dealers will inspect the windshield wiper module cover and replace it if necessary.

Brakes 2004037 29 Jan 2004

On certain vehicles, the relief valve o-ring seal within the brake hydro-boost module could fail. If this happens during braking applications, the driver may be able to hear an engine compartment noise similar to the sound that occurs when the steering wheel is turned to a full stop position. The driver could also experience a slight increase in steering efforts while braking and parking. Under certain driving conditions, a slight increase in the applied brake pedal effort may be required to achieve the same vehicle deceleration rate as prior to the seal failure. Correction: Dealers will inspect the hydro-boost module, and replace it, if necessary.

Powertrain 2003048 25 Feb 2003

Certain vehicles fail to conform to CMVSS 114 - Theft Protection. These vehicles are equipped with a mechanical override that could allow the ignition key to be removed with the shift lever in a position other than park. In addition, these vehicles have an override that can allow the transmission to be shifted out of park with the ignition in the off position. These overrides are not permitted unless the vehicle has a locking steering column and the overrides have covers that can only be removed with a screwdriver or other tool. Correction: Dealers are to eliminate these conditions by disabling the overrides.

Electrical

2002196 28 Oct 2002

On certain vehicles, the windshield wiper motor may fail during use because of improper manufacture. If this were to occur in severe weather, driver visibility could be reduced, which could result in a vehicle crash without prior warning. Correction: Dealer will inspect and, if necessary, replace the wiper motor assembly.

Listed for the model year, not checked against your VIN. Hummer confirms which apply.
Check your VIN with GM Canada or call a Hummer dealer with your VIN.

SOURCES

- | | |
|---|--|
| [1] Cardog identity register, decoded from the VIN | [4] Cardog market quote, same model year, 2 live listings, as of 27 Oct 2026 |
| [2] Transport Canada recall database, listed for the model year | |
| [3] NHTSA recall records (United States), listed for the model year | [5] Live public dealer listings on Cardog, as of 27 Oct 2026 |

STATEMENT OF SCOPE

This record is what public sources held about this vehicle when Cardog read it, each fact cited to its source. It read the VIN decode, Transport Canada's recall listing, NHTSA's recall records, Cardog's market quote and live public dealer listings. Recalls are listed for the model year, not checked against this VIN; the manufacturer confirms which apply. It is not a vehicle history or ownership report, and it carries no owner information.
