### 1 recall listed by Transport Canada for this model year

#### Seats and restraints

2026340 14 Jul 2026

Issue: On certain vehicles, the driver's seat could recline on its own when using certain remote features including remote door unlocking, remote start and/or approaching the vehicle with the key fob. As a result, the second-row passenger could become trapped between the seat and the seatback. Note: This recall only affects certain vehicles equipped with memory seats. Safety Risk: A seat that reclines on its own could increase the risk of injury and/or entrapment. Corrective actions: Ford will notify owners by mail. The corrective actions for this recall are under development.

Listed for the model year, not checked against your VIN. Lincoln confirms which apply.

Check your VIN with Lincoln Canada or call a Lincoln dealer with your VIN.
