§2 OBLIGATIONS [2]

cardog.app/tools/recalls/lincoln/nautilus/2026

1 recall listed by Transport Canada for this model year

Other

2026318 30 Jun 2026

Issue: On certain vehicles, the software update installed by a Ford dealer during recall 25SA2 (Transport Canada recall no. 2025-547) may not be effective. As a result, a second repair is required. On certain vehicles, a software problem could cause the pedestrian alert system not to work properly. Note: This recall only affects hybrid electric vehicles. This recall replaces Transport Canada recall no. 2025-547. Vehicles that were repaired under that recall also require this repair. Safety Risk: A pedestrian alert system that doesn't work properly could create confusion and increase the risk of injury for other road users. Corrective Actions: Ford will notify owners by mail. For certain Nautilus vehicles, owners will be advised to take their vehicle to a dealership to replace the digital signal processor (DSP) module. The final corrective actions for this recall are under development.

Listed for the model year, not checked against your VIN. Lincoln confirms which apply.

Check your VIN with Lincoln Canada or call a Lincoln dealer with your VIN.

STATEMENT OF SCOPE

This record is what public sources held about this vehicle when Cardog read it, each fact cited to its source. It read the VIN decode, Transport Canada's recall listing, Cardog's market quote, live public dealer listings and the window sticker. Recalls are listed for the model year, not checked against this VIN; the manufacturer confirms which apply. It is not a vehicle history or ownership report, and it carries no owner information.
