Body	Crossover Utility Vehicle	Plant	Smyrna, Tennessee, United States

§2 OBLIGATIONS [2]

cardog.app/tools/recalls/infiniti/qx60/2015

4 recalls listed by Transport Canada for this model year

Powertrain	2021613	5 Oct 2021
Issue: On certain hybrid vehicles, a software error with the hybrid powertrain control module (HPCM) may cause the powertrain to shut down. If this happens, both the engine and electric motor can turn off, and cause a loss of power to the wheels. Safety Risk: A loss of power to the wheels could increase the risk of a crash. Corrective Actions: Nissan will notify owners by mail and instruct you to take your vehicle to a dealer to reprogram the HPCM.		
Seats and restraints	2016179	25 Apr 2016
On certain vehicles, a defect in the occupant classification system could allow an adult sitting in the front passenger seat to be classified as a child or an "empty seat". This would suppress the airbag, which could increase the risk of injury in a crash. Correction: For affected Altima, Maxima, Murano, Rogue and Sentra vehicles, dealers will reprogram the airbag control unit and the occupant classification system control unit. For affected Leaf, NV200, Pathfinder, Q50 and JX35/QX60 vehicles, dealers will replace the occupant classification system electronic control unit.		
Airbag	2015491	20 Oct 2015
Certain vehicles serviced as part of recall 2014-093 or which had the Occupant Classification System (OCS) module replaced during servicing may have been fitted with an incorrect replacement OCS module. An incorrect OCS module would impair the effectiveness of the OCS, potentially failing to properly classify an adult passenger seated in the front passenger seat. This could increase the risk of injury to the occupant in a crash. Correction: Dealers will reprogram the OCS module.		

Wheels

2015056 9 Feb 2015

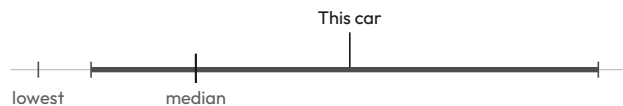

On certain vehicles, The front hub assembly bolts may not have been tightened to specification. If the bolts were to loosen, the brake caliper could separate from the wheel hub assembly, reducing braking performance and affecting vehicle stability. This could result in an accident causing injury and/or damage to property. Correction: Dealers will inspect and torque bolts to specification.

Listed for the model year, not checked against your VIN. Infiniti confirms which apply.
Check your VIN with Infiniti Canada or call a Infiniti dealer with your VIN.

|---|--|
| [1] Cardog identity register, decoded from the VIN | [4] Cardog market quote, same configuration, 12 live listings, as of 29 Oct 2026 |
| [2] Transport Canada recall database, listed for the model year | |
| [3] NHTSA recall records (United States), listed for the model year | [5] Live public dealer listings on Cardog, as of 29 Oct 2026 |

STATEMENT OF SCOPE

This record is what public sources held about this vehicle when Cardog read it, each fact cited to its source. It read the VIN decode, Transport Canada's recall listing, NHTSA's recall records, Cardog's market quote and live public dealer listings. Recalls are listed for the model year, not checked against this VIN; the manufacturer confirms which apply. It is not a vehicle history or ownership report, and it carries no owner information.
