1 recall listed by Transport Canada for this model year

Structure 2024051 30 Jan 2024

Issue: On a small number of vehicles, the left and right-rear quarter glass may not be properly attached. As a result, the glass could become loose and separate from the vehicle. Safety Risk: A glass panel that detaches from a moving vehicle could create a road hazard for others and increase the risk of a crash. Corrective Action: Nissan will notify owners by mail and advise you to take your vehicle to a dealership to replace both rear quarter glass panels.

> Listed for the model year, not checked against your VIN. Nissan confirms which apply.
