cardog.app/tools/recalls/kia/optima/2019

3 recalls listed by Transport Canada for this model year

Engine

2022004 11 Jan 2022

Issue: Kia Canada is conducting a Product Improvement Campaign that provides an update to the engine control module to detect potential problems before an engine fails. An engine failure could cause a sudden loss of power with an inability to restart. Note: This only affects Optima Hybrid and Optima Plug-In Hybrid (PHEV) models equipped with a 2.0 L NU GDI engine. Safety Risk: A sudden loss of engine power could increase the risk of an accident. An engine failure could also create the risk of a fire. Corrective Actions: Kia will notify owners by mail and instruct you to take your vehicle to a dealer to update the software for the engine control module. Note: Kia recommends that you should always follow the correct vehicle maintenance schedule, which is printed in the Owner's Manual. If you experience unusual engine noise, reduced power, or a check engine/oil warning light, Kia advises you to immediately visit a Kia dealership to have your vehicle diagnosed.

Engine

2019639 17 Dec 2019

Issue: Kia Canada is conducting a Product Improvement Campaign that provides an update to the engine control module to detect potential problems before an engine fails. An engine failure may cause a sudden loss of power with an inability to restart. Safety Risk: A sudden loss of engine power could increase the risk of a crash. Corrective Actions: The company will notify owners by mail. Owners will be instructed to take their vehicle to a dealer to update the software for the engine control module.

Brakes

2019367 25 Jul 2019

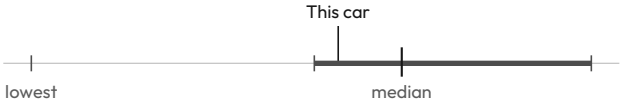

Issue: On certain vehicles, a problem with the Forward Collision-Avoidance Assist (FCA) system may cause the brake assist feature not to work properly. This could affect the ability to help reduce or avoid a crash with a stationary vehicle. Safety Risk: If the brake assist system does not work properly, there could be an increased risk of a crash. Corrective Actions: Kia will notify owners by mail and instruct them to take their vehicle to a dealer to update the software for the Forward Collision-Avoidance Assist system.

> Listed for the model year, not checked against your VIN. Kia confirms which apply. Check your VIN with Kia Canada or call a Kia dealer with your VIN.

SOURCES

[1] Cardog identity register, decoded from the VIN
[2] Transport Canada recall database, listed for the model year
[3] NHTSA recall records (United States), listed for the model year
[4] Cardog market quote, same model year, 8 live listings, as of 18 Nov 2026
[5] Live public dealer listings on Cardog, as of 18 Nov 2026

STATEMENT OF SCOPE

This record is what public sources held about this vehicle when Cardog read it, each fact cited to its source. It read the VIN decode, Transport Canada's recall listing, NHTSA's recall records, Cardog's market quote and live public dealer listings. Recalls are listed for the model year, not checked against this VIN; the manufacturer confirms which apply. It is not a vehicle history or ownership report, and it carries no owner information.
