2 recalls listed by Transport Canada for this model year

Label

2024554 19 Sep 2024

Issue: On certain vehicles, the compliance label may be missing information in French. The words and abbreviations listed on the label for "TIRES", "RIMS", "WITH", "FR" and "RR" and appear in English only, when they should be listed as "TIRES/PNEUS", "RIMS/JANTES", "WITH/AVEC", "FR/AVT" and "RR/ARR". Canadian regulations require this information to be listed on the label in both English and French. Safety Risk: These small errors do not affect vehicle safety. Corrective Actions: This is not a recall. Mitsubishi has corrected the compliance label for all new vehicles.

Other

2018507 14 Sep 2018

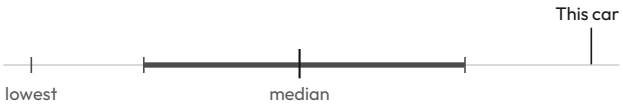

On certain vehicles, an issue in the software used by the Electronic Control Unit responsible for managing the Forward Collision Mitigation (FCM) feature may cause it to not operate as intended alerting the driver to brake unnecessarily in certain situations. If the driver attempts to brake while FCM is also activating, the vehicle may decelerate rapidly. This could create a situation where another motorist does not anticipate a preceding vehicle's sudden brake application or stop, creating the risk of a rear-end collision causing injury and/or damage to property. Correction: Dealers will update the software for the Forward Collision Mitigation system.
