1 recall listed by Transport Canada for this model year

Visual system

2026407 25 Aug 2026

Issue: On certain vehicles, a software problem could cause the rearview camera image to freeze or not to display. If this happens, the rearview image may not display when the transmission is shifted into reverse. Canadian regulations require the rearview image to display when the vehicle is reversing. Safety Risk: A rearview camera image that doesn't display correctly could reduce a driver's ability to see behind the vehicle while backing up. This could increase the risk of a crash. Corrective Actions: Mitsubishi will notify owners in writing and advise you to take your vehicle to a dealership to update the infotainment system software.

Listed for the model year, not checked against your VIN. Mitsubishi confirms which apply.

Check your VIN with Mitsubishi Canada or call a Mitsubishi dealer with your VIN.

| [3] NHTSA recall records (United States), listed for the model year | |

STATEMENT OF SCOPE

This record is what public sources held about this vehicle when Cardog read it, each fact cited to its source. It read the VIN decode, Transport Canada's recall listing, NHTSA's recall records, Cardog's market quote and live public dealer listings. Recalls are listed for the model year, not checked against this VIN; the manufacturer confirms which apply. It is not a vehicle history or ownership report, and it carries no owner information.
