| Label                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        | 2026344    15 Jul 2026 |
| Issue: On certain vehicles, the compliance label may list the wrong gross axle weight rating (GAWR) information. This could lead you to overload the vehicle and cause poor handling or a tire failure. Note: This recall only affects models equipped with 22-inch wheels. Safety Risk: Poor handling or a tire failure could cause a loss of vehicle control and result in a crash. Corrective Action: The company will notify owners by mail and provide you with a new compliance label. If you'd like help to install it, you can contact a dealer to have it installed free of charge. |                        |

Listed for the model year, not checked against your VIN. Infiniti confirms which apply.  
Check your VIN with Infiniti Canada or call a Infiniti dealer with your VIN.

**STATEMENT OF SCOPE**

This record is what public sources held about this vehicle when Cardog read it, each fact cited to its source. It read the VIN decode, Transport Canada's recall listing, NHTSA's recall records, Cardog's market quote and live public dealer listings. Recalls are listed for the model year, not checked against this VIN; the manufacturer confirms which apply. It is not a vehicle history or ownership report, and it carries no owner information.
