1 recall listed by Transport Canada for this model year

Seats and restraints

2026445 18 Sep 2026

Issue: On certain vehicles, the second-row seats may not detect an obstruction when the power folding functions are used. If this happens, the seat(s) may continue moving even if there's an obstruction. Note: This recall only affects certain Ultimate Calligraphy models equipped with second-row captain chairs. Safety Risk: A seat that doesn't stop moving could increase the risk of injury. Corrective actions: To reduce the safety risk, Hyundai advises you to ensure the second-row seats are empty before using the power folding functions. Hyundai will notify owners in writing and send a wireless over-the-air software update to eligible vehicles to update the rear power seat software. Alternatively, you may schedule an appointment to have the update performed at a Hyundai dealership.

Listed for the model year, not checked against your VIN. Hyundai confirms which apply.
