3 recalls listed by Transport Canada for this model year

Engine 2024146 4 Mar 2024

Issue: On certain vehicles, the left turbocharger oil feed pipe and hose assembly could become damaged by heat from the exhaust. If this happens, oil could leak onto hot components. Note: This recall only affects vehicles equipped with a 3.3 L turbo (T-GDI) engine. Safety Risk: Oil that leaks onto hot components can create the risk of a fire. Corrective Actions: Kia will notify owners by mail and advise you to take your vehicle to a dealership to replace the left turbocharger oil feed pipe and hose assembly.

Brakes 2020404 31 Aug 2020

Issue: On certain cars equipped with a 3.3 L T-GDI engine, an engine compartment fire could occur while driving. Kia believes that a fire could start in or near the brake Hydraulic Electronic Control Unit (HECU). Note: This recall does not affect vehicles equipped with Smart Cruise Control (SCC). Safety Risk: The car could catch fire while driving. Corrective Actions: Kia will notify owners by mail and instruct you to take your vehicle to a dealer to install a new fuse kit. The kit contains two new fuses of 25A instead of 40A, which are designed to prevent an over-current condition.

Electrical 2018598 30 Oct 2018

On certain vehicles, the front wiring harness could come in contact with a sharp metal opening on the left inner fender and become damaged. This could result in an electrical short-circuit and create the risk of a fire causing injury and/or damage to property. Correction: Dealers will inspect the front wiring harness for damage. If no damage is found, the dealer will install a plug/cover to the opening on the left inner fender. If damage is found, the front wiring harness will be replaced and a plug/cover will be installed to cover the opening on the left inner fender.

Listed for the model year, not checked against your VIN. Kia confirms which apply.

STATEMENT OF SCOPE

This record is what public sources held about this vehicle when Cardog read it, each fact cited to its source. It read the VIN decode, Transport Canada's recall listing, NHTSA's recall records, Cardog's market quote and live public dealer listings. Recalls are listed for the model year, not checked against this VIN; the manufacturer confirms which apply. It is not a vehicle history or ownership report, and it carries no owner information.
