Trim	LX/EX	Maker	KIA CORPORATION
Body	Minivan	Plant	Sohari, South Korea

§2 OBLIGATIONS [2]

cardog.app/tools/recalls/kia/sedona/2020

3 recalls listed by Transport Canada for this model year

Label 2024549 15 Aug 2024

Issue: On certain vehicles, the compliance label may be missing information in French. The words listed on the label for "Tires", "Rims", "Front" and "Rear" appear in English only, when they should be listed as "Tires/Pneus", "Rims/Jantes", "Front/Avant" and "Rear/Arriere". Canadian regulations require this information to be listed on the label in both English and French. Safety Risk: These small errors do not affect vehicle safety. Corrective Actions: This is not a recall. Kia has corrected the compliance label for all new vehicles.

Electrical 2021680 5 Nov 2021

Issue: Certain vehicles may be equipped with an accessory trailer wiring harness that could fail. Over time, water could leak into the control module and cause a short circuit. If this happens, there could be loss of the trailer lights. Note: This recall affects trailer wiring harness kits that may have been ordered at the time of a vehicle purchase, or purchased separately from a dealer as an aftermarket accessory. Safety Risk: A loss of trailer lights could make the trailer less visible. In addition, other drivers may not recognize that the vehicle ahead is braking or intends to turn. This could increase the risk of a crash. Corrective Actions: Kia will notify owners by mail and instruct you to take your vehicle to a dealer to inspect the trailer wiring harness. If the harness is from the lot (batch) affected by this problem, the dealer will replace it. Kia recommends that you should always check to ensure that trailer lights work properly before towing.

Electrical 2020318 14 Jul 2020

Issue: On certain vehicles, the nut that attaches the battery cable to the alternator may be loose. This can result in electrical arcing (sparks). Safety Risk: Electrical arcing could increase the risk of a fire. Corrective Actions: Kia will notify owners by mail and instruct you to take your vehicle to a dealer to inspect, and if necessary, tighten the alternator battery (B+) terminal nut.

Listed for the model year, not checked against your VIN. Kia confirms which apply.
Check your VIN with Kia Canada or call a Kia dealer with your VIN.

| [1] Cardog identity register, decoded from the VIN | [4] Cardog market quote, same configuration, 22 live listings, as of 27 Oct 2026 |
| [2] Transport Canada recall database, listed for the model year | |
| [3] NHTSA recall records (United States), listed for the model year | [5] Live public dealer listings on Cardog, as of 27 Oct 2026 |

STATEMENT OF SCOPE

This record is what public sources held about this vehicle when Cardog read it, each fact cited to its source. It read the VIN decode, Transport Canada's recall listing, NHTSA's recall records, Cardog's market quote and live public dealer listings. Recalls are listed for the model year, not checked against this VIN; the manufacturer confirms which apply. It is not a vehicle history or ownership report, and it carries no owner information.
