Make	Jaguar	Fuel	Flexible Fuel Vehicle (FFV)
Model	XF	Drive	RWD
Trim	XFR Speed Pack	Maker	JAGUAR LAND ROVER LIMITED
Body	Sedan	Plant	United Kingdom

§2 OBLIGATIONS [2]

cardog.app/tools/recalls/jaguar/xf/2014

6 recalls listed by Transport Canada for this model year

Airbag 2018009 8 Jan 2018

On certain vehicles, long-term exposure to high absolute humidity and temperature, combined with high temperature cycling, could eventually degrade the propellant contained in the passenger frontal airbag. This could cause the airbag to deploy with more force than normal. As a result, if the vehicle were involved in a collision that warrants airbag deployment, fragments could be propelled toward vehicle occupants, and the airbag assembly could be damaged, preventing proper function. These issues could increase the risk of injury. Correction: Dealers will replace the passenger frontal airbag module. Note: Canadian climate results in the propellant degrading slowly. The recall is being conducted as a precaution to address future risk, and is expected to replace the passenger frontal airbag module before their function would be affected.

Fuel system 2016532 27 Oct 2016

On certain vehicles, the fuel delivery line may not have sufficient clearance between the underfloor and the under shield. This could cause the fuel line to chafe against the underfloor and the under shield which could result in a fuel leak. A fuel leak in the presence of an ignition source could result in a fire causing injury and/or damage to property. Correction: Dealers will inspect the fuel delivery line for chaffing and replace it as necessary. Additional clips will be added to prevent chaffing.

Steering 2016105 3 Mar 2016

On certain vehicles equipped with the 2.0L GTDI engine, a bolt retaining a Front End Auxiliary Drive (FEAD) idler pulley may fail. This could cause the hydraulic power assisted steering system to stop functioning which would unexpectedly increase the steering effort force necessary to steer the vehicle, increasing the risk of a crash causing injury and/or damage to property. Correction: Dealers will replace the FEAD pulley assembly with an updated version.

Brakes

2014201 4 Jun 2014

On certain vehicles, the right rear brake line may have been routed incorrectly and may come into contact with a rear subframe bracket, causing abrasion damage which could result in a brake fluid leak. This could increase stopping distances, possibly resulting in a crash causing injury and/or property damage. Correction: Dealers will inspect and reroute and/or replace the brake line, as necessary.

Engine

2014106 1 Apr 2014

On certain vehicles, a connection in the charge air cooler piping could separate under high engine load conditions, such as during vehicle acceleration. This would cause an immediate loss of power and could result in engine stalling, increasing the risk of a crash causing injury and/or property damage. Correction: Dealers will inspect the hose connection clamp and reposition and/or tighten as necessary.

Suspension

2014105 1 Apr 2014

On certain vehicles, the rear suspension toe link may separate from the subframe when subjected to high loads. This could result in a loss of control and increase the risk of a crash causing injury and/or property damage. Correction: Dealers will replace rear toe link fasteners.

Listed for the model year, not checked against your VIN. Jaguar confirms which apply.

Check your VIN with Jaguar Canada or call a Jaguar dealer with your VIN.

SOURCES

- | | |
|---|--|
| [1] Cardog identity register, decoded from the VIN | [4] Cardog market quote, same model year, 4 live listings, as of 26 Oct 2026 |
| [2] Transport Canada recall database, listed for the model year | [5] Live public dealer listings on Cardog, as of 26 Oct 2026 |
| [3] NHTSA recall records (United States), listed for the model year | |

STATEMENT OF SCOPE

This record is what public sources held about this vehicle when Cardog read it, each fact cited to its source. It read the VIN decode, Transport Canada's recall listing, NHTSA's recall records, Cardog's market quote and live public dealer listings. Recalls are listed for the model year, not checked against this VIN; the manufacturer confirms which apply. It is not a vehicle history or ownership report, and it carries no owner information.
