2 recalls listed by Transport Canada for this model year

Lights and instruments

2021102 25 Feb 2021

Issue: On certain vehicles, when the Automatic High Beam (AHB) system is turned on, the AHB tell-tale indicator on the instrument panel may not turn on. This could lead you to drive without knowing that high beam lights can turn on automatically. Canadian regulations require a tell-tale indicator to turn on when the automatic high beams are activated. Safety Risk: A driver that does not know that the high beam lights are turned on could create glare for other drivers and increase the risk of a crash. Corrective Actions: Land Rover will notify owners by mail and instruct you to take your vehicle to a dealer to update vehicle software.

Engine

2019029 17 Jan 2019

Issue: On certain vehicles, the engine crankshaft pulley bolt may have been manufactured improperly. This could cause it to crack and fail. If this happens, the crankshaft could break and cause a sudden engine failure. A driver may hear loud noises and see warning lights on the dash immediately before the engine fails. Safety Risk: An engine failure could increase the risk of a crash. Additionally, a loose pulley could separate from the engine and cause damage. If it separates from the vehicle, it could become a hazard for bystanders or other drivers. Corrective Actions: The company will notify owners by mail. Owners will be instructed to take their vehicle to an authorized repair facility to have the crankshaft pulley bolt replaced with a new one.

Listed for the model year, not checked against your VIN. Land Rover confirms which apply.

Check your VIN with Land Rover Canada or call a Land Rover dealer with your VIN.

STATEMENT OF SCOPE

This record is what public sources held about this vehicle when Cardog read it, each fact cited to its source. It read the VIN decode, Transport Canada's recall listing, NHTSA's recall records, Cardog's market quote and live public dealer listings. Recalls are listed for the model year, not checked against this VIN; the manufacturer confirms which apply. It is not a vehicle history or ownership report, and it carries no owner information.
