Body	Coupe	Plant	Crewe, Cheshire County, United Kingdom

§2 OBLIGATIONS [2]

cardog.app/tools/recalls/bentley/continental/2020

4 recalls listed by Transport Canada for this model year

Label 2026278 9 Jun 2026

Issue: On certain vehicles, the tire and loading information label does not list that there is no spare tire in both official languages. The label reads as "NONE / NON-APPLICABLE" when it should read as "NONE / AUCUN". Canadian regulations require the information to be listed on the label in both English and French. Safety Risk: This error does not affect vehicle safety. Corrective Actions: This is not a recall. Bentley has corrected the tire and loading information label for all new vehicles.

Airbag 2023120 8 Mar 2023

Issue: On certain vehicles, the rivets that attach the airbag deflector brackets to the front seat frames may have sharp edges. As a result, the side airbags could be damaged during deployment, and may not inflate properly in a crash. Safety Risk: An airbag that doesn't inflate properly could create an increased risk of injury in a crash. Corrective Actions: Bentley will notify owners by mail and instruct you to take your vehicle to a dealership to inspect the front seats. Any sharp edges found on the airbag deflector bracket rivets will be removed.

Heater and defroster 2023029 27 Jan 2023

Issue: On certain vehicles, water could leak into the external coolant pump for the climate control system and cause a short circuit. If this happens, the pump and wiring could overheat and melt. Safety Risk: A short circuit can create the risk of a fire. Corrective Actions: Bentley will notify owners by mail and instruct you to bring your vehicle to a dealership to replace the external coolant pump. Additionally, the connections for the pump will be inspected and replaced, if necessary.

Seats and restraints

2021445 21 Jul 2021

Issue: On certain vehicles, the front seats may continue to automatically move downwards and rearwards after a person enters the rear seat. If this happens, a rear occupant's legs could be trapped. Safety Risk: A front seat that continues to move rearward could cause an injury for a rear passenger. Corrective Actions: Bentley will notify owners by mail and instruct you to take your vehicle to a dealership to update the software for the front seats.

Listed for the model year, not checked against your VIN. Bentley confirms which apply.

SOURCES

- | | |
|---|--|
| [1] Cardog identity register, decoded from the VIN | [4] Cardog market quote, same model year, 4 live listings, as of 27 Oct 2026 |
| [2] Transport Canada recall database, listed for the model year | |
| [3] NHTSA recall records (United States), listed for the model year | [5] Live public dealer listings on Cardog, as of 27 Oct 2026 |

STATEMENT OF SCOPE

This record is what public sources held about this vehicle when Cardog read it, each fact cited to its source. It read the VIN decode, Transport Canada's recall listing, NHTSA's recall records, Cardog's market quote and live public dealer listings. Recalls are listed for the model year, not checked against this VIN; the manufacturer confirms which apply. It is not a vehicle history or ownership report, and it carries no owner information.
