Body	Sport Utility Vehicle	Plant	Crewe, Cheshire, England

§2 OBLIGATIONS [2]

cardog.app/tools/recalls/bentley/bentayga/2023

3 recalls listed by Transport Canada for this model year

Label 2026278 9 Jun 2026

Issue: On certain vehicles, the tire and loading information label does not list that there is no spare tire in both official languages. The label reads as "NONE / NON-APPLICABLE" when it should read as "NONE / AUCUN". Canadian regulations require the information to be listed on the label in both English and French. Safety Risk: This error does not affect vehicle safety. Corrective Actions: This is not a recall. Bentley has corrected the tire and loading information label for all new vehicles.

High voltage 2025649 24 Nov 2025

Issue: On certain vehicles, the high-voltage battery could overheat. As a result, the battery could create smoke or heat, which can melt or damage the battery and nearby parts. Note: This recall only affects plug-in hybrid (PHEV) models. Safety Risk: A battery that overheats can create a fire risk. Corrective Actions: To reduce the safety risk, Bentley advises not to charge your vehicle until the recall repairs have been completed. Bentley will notify owners by mail and advise you to take your vehicle to a dealership to install an advanced diagnostic software that will monitor the high-voltage battery and warn you if it detects a problem. If you see this warning, you should contact a dealership to arrange replacement of the affected high-voltage battery module.

Fuel system 2023470 23 Aug 2023

Issue: Under certain conditions, the fuel supply module connectors and wiring could overheat. If this happens, the fuel supply module could melt and create a fuel leak. Safety Risk: A fuel leak can create the risk of a fire. Corrective Actions: Bentley will notify owners by mail and advise you to take your vehicle to a dealership to replace the fuel supply module flange and wiring.

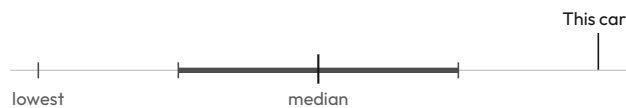

Listed for the model year, not checked against your VIN. Bentley confirms which apply.
No online lookup from Bentley · call a Bentley dealer with your VIN.

United States: 3 NHTSA records for this model year, kept apart from the Canadian listing.^[3]

SOURCES

[1] Cardog identity register, decoded from the VIN	[4] Cardog market quote, same model year, 2 live listings, as of 26 Oct 2026
[2] Transport Canada recall database, listed for the model year	[5] Live public dealer listings on Cardog, as of 26 Oct 2026
[3] NHTSA recall records (United States), listed for the model year	

STATEMENT OF SCOPE

This record is what public sources held about this vehicle when Cardog read it, each fact cited to its source. It read the VIN decode, Transport Canada's recall listing, NHTSA's recall records, Cardog's market quote and live public dealer listings. Recalls are listed for the model year, not checked against this VIN; the manufacturer confirms which apply. It is not a vehicle history or ownership report, and it carries no owner information.
