## 3 recalls listed by Transport Canada for this model year

### Airbag

2021688 10 Nov 2021

Issue: On certain vehicles, the passenger occupant detection system (PODS) may malfunction. This could cause the airbag system to turn off the passenger-front airbag even when a passenger is seated. Note: This problem would cause an error message to display on the instrument panel and a warning chime to sound. The airbag indicator light would also display "passenger airbag off". Additional note: For the 2020 model year A5 model, only the A5 Sportback is affected by this recall. Safety Risk: An airbag that is turned off could increase the risk of injury to a passenger in a crash. Corrective Actions: Audi will notify owners by mail and instruct them to take their vehicle to a dealer to inspect the front passenger seat. Depending on the seat type, the dealer will either replace the seat heating mat including the connecting cable or the entire seat cover.

### Airbag

Issue: On certain vehicles, the passenger occupant detection system (PODS) may malfunction. This could cause the airbag system to turn off the passenger-front airbag even when a passenger is seated. Note: This problem would cause an error message to display on the instrument panel and a warning chime to sound. The airbag indicator light would also display "passenger airbag off". Safety Risk: An airbag that is turned off could increase the risk of injury to a passenger in a crash. Corrective Actions: The company will notify owners by mail and instruct them to take their vehicle to a dealer to install cable ties on the wiring harness under the front passenger seat.

## Other

2017520 26 Oct 2017

On certain vehicles, the aluminum trim on the front and rear door speaker covers could come loose. If this were to occur, the loosened trim may bend away from the speaker cover and could expose sharp edges, which could increase the risk of injury to occupants. Correction: Dealers will remove the aluminum trim from the speaker covers and replace the trim with an updated part. Note: For the A5 model, it is only the A5 Sportback that is involved in this campaign.

## STATEMENT OF SCOPE

This record is what public sources held about this vehicle when Cardog read it, each fact cited to its source. It read the VIN decode, Transport Canada's recall listing, NHTSA's recall records, Cardog's market quote and live public dealer listings. Recalls are listed for the model year, not checked against this VIN; the manufacturer confirms which apply. It is not a vehicle history or ownership report, and it carries no owner information.
