Trim	quattro Prestige	Maker	AUDI AG
Body	Sedan	Plant	Neckarsulm, Germany

§2 OBLIGATIONS [2]

cardog.app/tools/recalls/audi/a6/2021

10 recalls listed by Transport Canada for this model year

Visual system

2025713 19 Dec 2025

Issue: On certain vehicles, a software problem could cause the rearview camera image not to appear on the display. Canadian regulations require the rearview image to display when the transmission is shifted into reverse gear. Safety Risk: A rearview camera image that doesn't display could reduce a driver's ability to see behind the vehicle while backing up. This could increase the risk of a crash. Corrective Actions: Audi will notify owners by mail and advise you to take your vehicle to a dealership to update the rearview camera software.

Lights and instruments

2025167 31 Mar 2025

Issue: On certain vehicles, a problem with the instrument cluster (virtual cockpit) could cause it to shut down. If this happens, you may not be able to see certain information about the vehicle, including the speedometer, warnings, and tell-tales. Safety Risk: Warnings, tell-tales and gauges that don't display could increase the risk of a crash. Corrective Actions: Audi will notify owners by mail and advise you to take your vehicle to a dealership to update the instrument cluster software.

Brakes

2023286 12 May 2023

Issue: Certain vehicles were built with a European-specification brake fluid reservoir cap instead of the correct North American cap. Canadian regulations require specific information to be provided on the brake fluid cap. Safety Risk: This small error is unlikely to affect safety. Corrective Actions: This is not a recall. The company will install the correct brake fluid reservoir cap on all new (unsold) vehicles.

Electrical

2022660 21 Nov 2022

Issue: On certain vehicles, if you spill liquid on the rear seat, the gateway control module could be damaged. If this happens, the vehicle may enter emergency mode and suddenly lose power to the wheels. Note: The power steering and braking systems will continue to work. You may also see warning messages on the instrument panel when this happens. Safety Risk: A sudden loss of power to the wheels may increase the risk of a crash. Corrective Actions: Audi will notify owners by mail and instruct you to take your vehicle to a dealer to install a protective cover on the gateway control module.

Visual system

2022565 5 Oct 2022

Issue: On certain vehicles, a software problem could cause the rearview camera image not to appear on the display. Canadian regulations require the rearview image to display when the transmission is shifted into reverse gear. Safety Risk: A rearview camera image that does not display could reduce a driver's ability to see behind the vehicle while backing up. This could increase the risk of a crash. Corrective Actions: Volkswagen will notify owners by mail and instruct you to take your vehicle to a dealership to update the infotainment software.

Fuel system

2022114 14 Mar 2022

Issue: On certain vehicles, the fuel level sender may get stuck. If this happens, the fuel gauge can show a higher fuel level than what is actually in the fuel tank. This could cause a driver to believe there is fuel when the tank is empty. As a result, the vehicle could run out of fuel and stall. Safety Risk: A sudden loss of engine power could increase the risk of a crash. Corrective Actions: Audi will notify owners by mail and instruct you to take your vehicle to a dealer to replace the fuel level sensor.

4 more on the model-year record, cardog.app/tools/recalls/audi/a6/2021

Listed for the model year, not checked against your VIN. Audi confirms which apply.

STATEMENT OF SCOPE

This record is what public sources held about this vehicle when Cardog read it, each fact cited to its source. It read the VIN decode, Transport Canada's recall listing, NHTSA's recall records, Cardog's market quote and live public dealer listings. Recalls are listed for the model year, not checked against this VIN; the manufacturer confirms which apply. It is not a vehicle history or ownership report, and it carries no owner information.
