Body	Sedan	Plant	Germany

§2 OBLIGATIONS [2]

cardog.app/tools/recalls/mercedes-benz/cls-class/2015

3 recalls listed by Transport Canada for this model year

Steering

2018724 20 Dec 2018

On certain vehicles originally sold or currently registered in areas of heavy road salt usage during winter months (Quebec, New Brunswick, Nova Scotia, Prince Edward Island, and Newfoundland & Labrador), the bolts that attach the electric power steering assist motor to the steering gear housing may corrode and break. This could cause a loss of power steering assist. The resulting increase in steering effort could create the risk of a crash causing injury and/or damage to property. Correction: Dealers will replace the mounting bolts and apply a corrosion protection coating to the gear housing and bolts. If the bolts bolt cannot be removed, a replacement steering gear will be installed.

Engine

2015359 7 Aug 2015

On certain vehicles, the rubber seal at the top edge of the secondary bulkhead of the engine compartment may have been damaged during manufacturing. Should a sufficient length of rubber seal be displaced from the bulkhead, and the seal were to drop down, it could result in the loose end of the seal contacting exhaust components. This could increase the risk of fire resulting in injury and/or damage to property. Correction: Dealers will replace the rubber seal in the engine compartment.

Lights and instruments

2015099 10 Mar 2015

Certain vehicles may not comply with the requirements of Canada Motor Vehicle Safety Standard 108 - Lighting System and Retro reflective Devices. Rear side markers may not have been programmed properly and may fail to meet the photometric performance requirements of the standard. This could reduce vehicle conspicuity, which could increase the risk of a crash causing injury and/or damage to property. Correction: Dealers will reprogram the signal acquisition module.

Listed for the model year, not checked against your VIN. Mercedes-Benz confirms which apply.

|---|--|
| [1] Cardog identity register, decoded from the VIN | [3] Cardog market quote, same model year, 3 live listings, as of 29 Oct 2026 |
| [2] Transport Canada recall database, listed for the model year | [4] Live public dealer listings on Cardog, as of 29 Oct 2026 |

STATEMENT OF SCOPE

This record is what public sources held about this vehicle when Cardog read it, each fact cited to its source. It read the VIN decode, Transport Canada's recall listing, Cardog's market quote and live public dealer listings. Recalls are listed for the model year, not checked against this VIN; the manufacturer confirms which apply. It is not a vehicle history or ownership report, and it carries no owner information.
