3 recalls listed by Transport Canada for this model year

Lights and instruments

2022487 31 Aug 2022

Issue: On certain vehicles, covers were not installed over the horizontal headlamp adjusters. As a result, the headlamps may be adjusted horizontally. Canadian regulations do not allow for horizontal headlamp adjustment unless the vehicle is equipped with a built-in aiming device. Safety Risk: Headlamps that are not properly adjusted could cause reduced visibility or glare for oncoming drivers, and increase the risk of a crash. Corrective Actions: Porsche will notify owners by mail and instruct you to take your vehicle to a dealership to install caps over the headlamp adjustment screws.

Other

2019621 11 Dec 2019

Issue: On certain cars, the owner's manual may be missing instructions on how to properly install a child seat. Safety Risk: If a user does not understand how to properly install a child seat, there could be an increased risk of injury in a crash. Corrective Actions: Porsche will notify owners by mail and instruct you to take your car to a dealer to receive a supplementary owner's manual booklet with the missing information.

Airbag

2019353 18 Jul 2019

Issue: On certain vehicles, the airbag electronic control unit could be damaged by an electrical fault. This could cause the airbag system not to work properly in a crash. It could also result in a deployment of the airbags and/or seat belt pretensioners without a crash. Safety Risk: Airbags that do not work properly in a crash could create an increased risk of injury. Airbags or seat belt pretensioners that deploy without a crash could create a risk of injury and also increase the risk of a crash. Corrective Actions: The company will notify owners by mail and instruct them to take their vehicle to a dealer to inspect the airbag control module. If an electrical fault is detected, the airbag control module will be replaced.

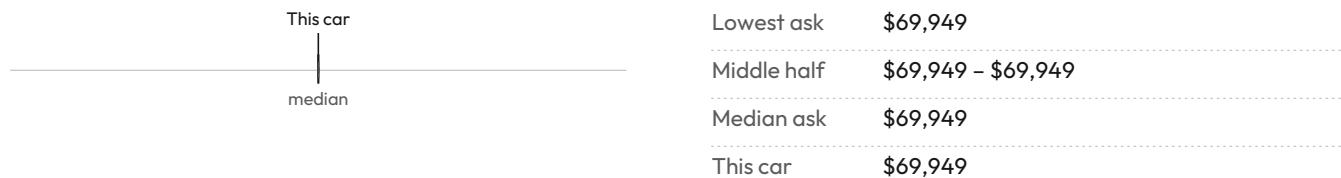

Listed for the model year, not checked against your VIN. Porsche confirms which apply.
No online lookup from Porsche · call a Porsche dealer with your VIN.

United States: 1 NHTSA record for this model year, kept apart from the Canadian listing.^[3]

STATEMENT OF SCOPE

This record is what public sources held about this vehicle when Cardog read it, each fact cited to its source. It read the VIN decode, Transport Canada's recall listing, NHTSA's recall records, Cardog's market quote and live public dealer listings. Recalls are listed for the model year, not checked against this VIN; the manufacturer confirms which apply. It is not a vehicle history or ownership report, and it carries no owner information.
