Trim	quattro	Maker	Audi Sport GmbH
Body	Coupe	Plant	Ingolstadt, Germany

§2 OBLIGATIONS [2]

cardog.app/tools/recalls/audi/rs-5/2018

3 recalls listed by Transport Canada for this model year

Airbag

2021688 10 Nov 2021

Issue: On certain vehicles, the passenger occupant detection system (PODS) may malfunction. This could cause the airbag system to turn off the passenger-front airbag even when a passenger is seated. Note: This problem would cause an error message to display on the instrument panel and a warning chime to sound. The airbag indicator light would also display "passenger airbag off". Additional note: For the 2020 model year A5 model, only the A5 Sportback is affected by this recall. Safety Risk: An airbag that is turned off could increase the risk of injury to a passenger in a crash. Corrective Actions: Audi will notify owners by mail and instruct them to take their vehicle to a dealer to inspect the front passenger seat. Depending on the seat type, the dealer will either replace the seat heating mat including the connecting cable or the entire seat cover.

Electrical

2020604 9 Dec 2020

Issue: On certain vehicles, the cover for the positive battery terminal could be damaged in a rear crash. This can cause the car to lose electrical power. If this happens, it may not be possible to open the doors from the outside and/or the hazard lights may not work. Safety Risk: Doors that cannot be opened from the outside could increase the risk of injury after a crash. Hazard lights that do not work could make the vehicle less visible and increase the risk of a crash. Corrective Actions: Audi will notify owners by mail and instruct you to take your vehicle to a dealer to replace the plus (positive) terminal cover.

Airbag

2019361 24 Jul 2019

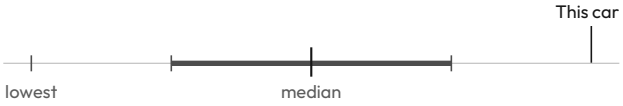

Issue: On certain vehicles, the passenger occupant detection system (PODS) may malfunction. This could cause the airbag system to turn off the passenger-front airbag even when a passenger is seated. Note: This problem would cause an error message to display on the instrument panel and a warning chime to sound. The airbag indicator light would also display "passenger airbag off". Safety Risk: An airbag that is turned off could increase the risk of injury to a passenger in a crash. Corrective Actions: The company will notify owners by mail and instruct them to take their vehicle to a dealer to install cable ties on the wiring harness under the front passenger seat.

> Listed for the model year, not checked against your VIN. Audi confirms which apply. Check your VIN with Audi Canada or call a Audi dealer with your VIN.

Window sticker	We do not collect window stickers for this manufacturer.

SOURCES

[1] Cardog identity register, decoded from the VIN
[2] Transport Canada recall database, listed for the model year
[3] NHTSA recall records (United States), listed for the model year
[4] Cardog market quote, same model year, 2 live listings, as of 5 Nov 2026
[5] Live public dealer listings on Cardog, as of 5 Nov 2026

STATEMENT OF SCOPE

This record is what public sources held about this vehicle when Cardog read it, each fact cited to its source. It read the VIN decode, Transport Canada's recall listing, NHTSA's recall records, Cardog's market quote and live public dealer listings. Recalls are listed for the model year, not checked against this VIN; the manufacturer confirms which apply. It is not a vehicle history or ownership report, and it carries no owner information.
