Label

2024548 15 Aug 2024

Issue: On certain vehicles, the tire and loading information label does not list that there is no spare tire in both official languages. The label reads as "NONE" when it should read as "NONE / AUCUN". Canadian regulations require the information to be listed on the label in both English and French. Safety Risk: This error does not affect vehicle safety. Corrective Actions: This is not a recall. The company has corrected the tire and loading information label for all new vehicles.

Accessories

2016370 22 Jul 2016

On certain vehicles equipped with an optional factory trailer tow hitch package, the trailer tow hitch may have been incorrectly assembled to the vehicle structure. If operated under this condition, this could cause a partial or complete separation of the trailer tow hitch which would increase the risk of crash causing injury and/or damage to property. Correction: Dealers will inspect and install any missing fasteners to the trailer tow hitch assembly.
